

September 28, 2021

Good evening, this is Steven Chrisman, Superintendent of the Medina County Career Center. I sincerely apologize for the late phone call but I wanted to inform you that at tonight's Board of Education meeting, the BOE extended the mask mandate through Thursday, October 7, 2021. The District is in hopeful anticipation that additional information will become available through the Medina County Health department that will allow for additional options available to us in the very near future. Those new options will be communicated to you as soon as they become available to this District.

I want to remind students that they should perform daily symptom checks. The list of COVID-19 symptoms can be found below or at the mcjvs.edu website under the COVID tab.

If you have any concerns, please contact the Medina County Health Department at 330-723-9688 or contact the Medina County Career Center at 330-725-8461 or email info@mcjvs.edu.

Thank you for your continued patience, understanding and support of our school district.

WHEN YOU SHOULD STAY HOME

Since COVID-19 spreads so rapidly, it is essential that students and staff conduct daily health checks prior to going to school which should include taking their temperature and assessing their symptoms. **Anyone with symptoms (described below) or a temperature above 100°F should stay home.**

Fever or chills	Loss of taste or smell
Cough	Sore throat
Shortness of breath or difficulty breathing	Congestion or runny nose
Fatigue	Nausea or vomiting
Muscle or body aches	Diarrhea
Headache	Repeated shaking with chills

Symptoms range from mild to severe and may appear two to 14 days after exposure to the virus. Any student or staff member who doesn't feel well or develops symptoms during the school day should present to the clinic for a health assessment. Upon arrival to the clinic, those students/staff will be placed in a private area, away from others, where they will stay until they are dismissed by clinic staff.
