Acceptance of a transfer credit for a course completed in other post-secondary institutions when comparable in scope to the coursework offered may be granted, based on meeting the following factors:

If a student's actions indicate a violation of the Code of Conduct, the record will be viewed by the administration and possibly the police as evidence. Because surveillance records are considered part of the student record, they can be viewed only in accordance of law.

DISCIPLINARY PROBATION AND DISMISSAL

Students may be subject to disciplinary dismissal for conduct disruptive to the educational process or destruction of school property. Classes must operate in accordance with rules and regulations as set forth by the school administration and the Board of Education. A student may be dismissed for academic dishonesty, poor attitude, lack of progress or interest, misconduct, not following directions from instructors, or excessive absences. ***Insubordination is grounds for dismissal.***

When it is deemed advisable by the instructor to confer with a student on a discipline situation, the Director shall be notified.

The conference shall be held in a friendly, not adverse, atmosphere. Adequate opportunity for all parties to present their point of view shall be permitted.

The Director, when present, should be the moderator and assume the responsibility of making a report of the conference.

CODE OF CONDUCT – Applicable to all Medina County Career Center Adult Education students.

A specific list of classroom and lab rules, as well as the requirements of a quarterly professionalism grade, is written in each Program Guide.

A. Dress Code

The manner of dress at the Medina County Career Center will be determined to a great extent by the career technical program. The diversity of programs makes it difficult to establish one specific policy. However, there are some restrictions that will apply to all students.

- Clothing is expected to be clean and in good repair. Clothing which displays obscene language or gestures and clothing which advertises or implies the use of drugs or alcohol is unacceptable.
- Students will come to class in their prescribed uniform.

- Halters, tank tops, tube tops, and transparent clothing are unacceptable.
- Shoulders and midriffs must be covered.
- Shorts are not acceptable.
- Sunglasses are permitted only when prescribed by a physician.
- Sweatpants are unacceptable.
- Appropriate footwear must be worn. No metal cleats, plates or flip flops. (See program guide.)

- Any student using, possessing, selling, or suspected of using alcohol or drugs by appearance or odor will be subject to a suspension and/or an expulsion hearing and/or assessment.
- Violations of safety procedures and regulations, immoral and unbecoming behavior, arson or other acts of misconduct will be disposed of based on the seriousness of the infraction.
- Because adult students will enter the workforce in professional careers, it is incumbent upon them in particular, to be drug free. Consequently, as a condition of admission, adult students agree to take random drug testing as requested.

Consequences

- Offenses may result in suspension of one (1) to five (5) days removal from class or dismissal from the program.
- Consequences for major offenses will be decided upon by the Adult Education Director on a case-by-case situation.

Consequences

- The student may receive a grade of zero on the test/paper or may be terminated from the program.

Other stations also may carry this information; however, students may also check the website, www.mcjvs.edu for school closings. **NOTE: Adult Education classes may continue even if the high school classes are cancelled. Students will be notified via Achademix communication regarding school closing due to weather.**

POTENTIAL HEALTH HAZARDS AND SAFETY RISKS ENCOUNTERED DURING ADULT EDUCATION PROGRAMS

Because Medina County Career Center (MCCC) strives to provide the most realistic training possible, many of the health hazards present in the real working environment are also present during training. The types of health hazard exposure and safety risks include, but are not limited to needle stick injuries, sharp injuries, and any incidents incurred during practicum.

During MCCC training, students will be required to wear personal protective equipment (PPE) on several occasions as a precaution during exposure to potential health hazards. PPE provided during training includes gloves, gowns, protective eyewear, masks, or face shields. The type of PPE to be utilized will be determined by the type of potential health hazard exposure.

HOLD HARMLESS AGREEMENT

A Hold Harmless Agreement is required by the Medina County Career Center (MCCC). By signing this agreement students are acknowledging that there are certain risks inherent to training in programs and that outside of gross negligence, students will hold MCCC and its employees and contractors not liable. Medina County Career Center ensures the confidentiality of student educational records in accordance with School Board Policy, state and federal laws including the Family Educational Rights and Privacy Act of 1973 (The Buckley Amendment provides students with access to their educational records and limits dissemination of personally identifiable information without a student's written consent). As a rule, all currently enrolled students and former students have the right to review their records to determine their content and accuracy. Students wishing to view their student records must schedule an appointment with the Adult Education Office. Students wishing to view their financial aid records must schedule an appointment with the Financial Aid Coordinator.

FERPA (FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT)

As defined by the Federal Department of Education

<http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. Information regarding student progress will be shared with the student; parents of adult students may receive information only with a signed ***Student Consent for Release of Information to Third Parties*** form (Appendix D).

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest
 - Other schools to which a student is transferring
 - Specified officials for audit or evaluation purposes

- Appropriate parties in connection with financial aid to a student
- Organizations conducting certain studies for or on behalf of the school
- Accrediting organizations
- To comply with a judicial order or lawfully issued subpoena
- Appropriate officials in cases of health and safety emergencies
- State and local authorities, within a juvenile justice system, pursuant to specific state law

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

APPENDIX B

Annual Campus Security and Safety Report Medina County Career Center Adult Education 2023

Medina County Career Center (MCCC) Adult Education strives to provide a safe and secure campus for all students, staff members and visitors. MCCC publishes this information to inform members of the campus community and other interested parties of incidents of crime and to educate them in effective crime prevention and safety measures so that they can make informed decisions relative to their safety. The Adult Education Director has primary responsibility for categorizing, disseminating and publishing crime statistics collected on campus and includes statistics obtained from local law enforcement.

The information and statistics contained in this publication are being presented in compliance with The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics and Violence Against Women Acts. In this report, you will be informed of our campus safety and security policies and procedures including: crime reporting procedures, drug and alcohol policies, historic statistical information related to crimes on campus and property and other security-related information. The crime statistics reflect incidents that occurred on MCCC campus or on public property adjacent to the campus. MCCC does not provide residential dormitories or facilities for on-campus student housing. This report is updated and published annually.

BASIC CRIME PREVENTION STEPS

Effective crime prevention begins with personal involvement and responsibility. An understanding of basic safety principles, a little caution and lots of common sense are your best protection. Crime prevention is everyone's responsibility.

MCCC utilizes video surveillance equipment in all common areas on Career Center property to maintain a safe and secure environment. All students, staff members and visitors are encouraged to report any and all suspicious activity immediately to the Adult Director or designee upon witnessing the occurrence.

CAMPUS SECURITY PROGRAMS/SECURITY ON CAMPUS

Students are informed of campus security procedures during orientation and through the Student Handbook. The MCCC Emergency Operations Plan along with the MCCC Emergency Operations Safety Plan for Evening Students provide teachers, staff, students, parents and other members of the community with the established guidelines and procedures to respond to incidents /hazards in an effective way. Periodically throughout the year, general safety programs and drills are conducted to keep students and staff on the alert in the event of an emergency.

All staff members are briefed on campus security procedures. Both staff members and students are encouraged to be responsible for their own security and the security of those around them by carefully reading the campus security procedures and reporting any incidents when they occur.

REPORTING OF CRIMINAL INCIDENT

The victim of a crime should notify the person in charge of Adult Education. The local law enforcement agency will be notified if the victim chooses to report the incident to local authorities or when the victim is unable to make such report.

The person in charge of Adult Education will act as a liaison with law enforcement officials to report acts of sexual violence, domestic violence, or other offenses. Prior to reporting any offense, the person in charge will ensure that it is the desire of the reported victim that such report is made to local law enforcement. If reporting is requested, the liaison will coordinate the institution's investigation with any investigation or prosecution conducted by local law enforcement.

The School Administration will then take appropriate action based upon the information given by the student or staff member. When requested by the victim, the School Resource Officer will be notified along with local law enforcement authorities. A record of this report will be kept on file. If a reported crime is investigated by law enforcement authorities and found to be false or baseless, the crime is "unfounded" and is not included in the statistics. Only sworn or commissioned law enforcement personnel may "unfound" a crime.

To Report a Crime

Adult Education Director or designee, 330-725-8461

In the event of a fire or medical emergency call 911.

VOLUNTARY CONFIDENTIAL REPORTING OF CRIMINAL ACTIVITY

If the victim of a crime does not want to pursue action at MCCC or the criminal justice system, he or she has the opportunity to file a confidential report. With the victim's permission, the School Resource Officer can file a report on the details of the incident while keeping their identity confidential. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the school. The Medina County Sheriff's Office encourages anyone who is a victim or witness to any crime to promptly report the incident to the police. MCCC will make every effort to keep the information confidential, but it is important to remember that because police reports are public record under state law, the Sheriff's Office cannot hold reports of crimes confidential.

BYSTANDER INTERVENTION OPTIONS

Any campus community member that observes or is made aware of an incidence of dating violence, domestic violence, sexual assault or stalking occurring on campus is strongly encouraged to report the matter immediately to the Adult Education Office. If the situation necessitates an immediate police presence, please call 9-1-1. Some other safe intervention options can include:

- ✓ Notifying a MCCC official
- ✓ Avoiding violence
- ✓ Being honest and direct when trying to diffuse the situation
- ✓ Recruiting the assistance of others around you
- ✓ Keeping yourself safe at all time

SEXUAL MISCONDUCT AND DATING VIOLENCE

The Violence Against Women Reauthorization Act amended the Clery Act. MCCC has included the following crimes in the annual statistical reporting: domestic violence, dating violence, sexual assault, and stalking.

MCCC is committed to a consistent effort in maintaining an environment free of sexual misconduct (including sexual harassment and sexual assault/rape) and all forms of sexual intimidation, exploitation and dating violence including stalking and domestic violence. In its goal to create an environment for all students, employees and visitors which is fair and free of coercion, the Career Center has adopted a Sexual Harassment Policy with accompanying procedures as the basis for community education and complaint resolution.

Sexual misconduct cannot and will not be tolerated at MCCC. Sexual misconduct is a form of discrimination in violation of Career Center policy and Title VII of the Federal Civil Rights Act of 1964 (as amended), Title IX of the 1972 Educational Amendments and Section 4112 of the Ohio Revised Code. Students, staff and visitors of MCCC have a right to an environment free of sexual misconduct, not only by persons in positions of power, but by any MCCC employee, student or visitor. Sexual misconduct constitutes a serious threat to the free interaction and exchange necessary for educational and personal development. Sexual misconduct is not only a clear violation of Career Center policy; it is a form of discrimination and is illegal.

SEXUAL HARASSMENT

All persons associated with the District, including, but not limited to, the Board, the administration, the staff and the students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment. Sexual harassment, whether verbal or nonverbal, occurring inside or outside of District buildings, on other District-owned property or at school-sponsored social functions/activities, is illegal and unacceptable and will not be tolerated. Any person who engages in sexual harassment while acting as a member of the school community is in violation of this policy.

Definition of Sexual Harassment: Unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature may constitute sexual harassment when:

1. Submission to such conduct is made, either explicitly or implicitly, a term or condition of a person's employment or educational development;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for employment or education decisions affecting such individual or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile or offensive environment.

Examples of sexual harassment-type conduct may include, but are not limited to, unwanted sexual advances; demands for sexual favors in exchange for favorable treatment or continued employment; repeated sexual jokes, flirtations, advances or propositions; verbal abuse of a sexual nature; graphic verbal commentary relating to an individual's body, sexual prowess or sexual deficiencies; coerced sexual activities; any unwanted physical contact; sexually suggestive or obscene comments or gestures; or displays in the workplace of sexually suggestive or obscene objects or pictures. Whether any act or comment constitutes sexual harassment-type conduct is often dependent on the individual recipient.

The Grievance Officer: The Board directs the Superintendent to appoint one or more sexual harassment grievance officers who are vested with the authority and responsibility for investigating all sexual harassment complaints in accordance with the procedures set forth in the accompanying regulation and staff and student handbooks. If a complaint of sexual harassment concerns alleged conduct of the Superintendent or Treasurer, the complaint shall be submitted to the Board President, and shall be investigated by the Board President/designee.

Sexual harassment matters, including the identity of both the charging party and the accused, are kept confidential to the extent possible. Although discipline may be imposed against the accused upon a finding of guilt, retaliation is prohibited.

The Board has developed complaint procedures which are made available to every member of the school community. The Board has also identified disciplinary penalties which could be imposed on the offenders.

DRUGS, TOBACCO AND ALCOHOL

The Medina County Career Center Board of Education recognizes that the issue of chemical misuse, abuse, and dependency is a problem for many students. The medical, physical and emotional problems associated with chemical misuse, abuse, and dependency often interfere with the learning and development of students as well as the overall goals of the educational system. The Medina County Career Center Board of Education prohibits the unlawful possession, use or distribution of drugs and alcohol by students and employees on school property, or as part of school activities. Additional information regarding the school's Alcohol

and Drug Policy is available to www.mcjvs.edu in the Board of Education Policy Manual (Drug Free Workplace – File: GBP and Alcohol use by Students/Student Drug Abuse – File: JFCH/JFCI) or upon request to the Adult Education Office.

Since adult students will enter the workforce in professional careers, it is incumbent upon them in particular, to be drug free. Consequently, as a condition of admission, adult students agree to take random drug testing as requested.

MCCC Adult Education Student Consequences

- ✓ 1st, 2nd & 3rd Offenses – One (1) to Five (5) days removal from class- suspension.
- ✓ Consequences for major offenses will be decided upon by the Adult Education Director as a case-by-case situation.

Local, state and federal laws and sanctions applicable legal sanctions under local state or federal law for the unlawful use, possession or distribution of illicit drugs or alcohol are set forth in the referenced laws.

State:

Ohio Revised Code Chapters 2925 – Drug Offenses 3719
Controlled Substances 4301 – Liquor Control Laws44

Federal:

Federal (Harrison) Narcotic Act
Narcotic Drugs Import and Export Act
Federal Food Drug and Cosmetic Act
Federal Alcohol Administration

These sanctions can include probation, fines, driver’s license suspension, and/or incarceration. Future revisions, amendments, or additions to these or other applicable codes are incorporated into this policy by this reference.

Health Risks

Physical or psychological damage may occur when the following substances are abused. Here are some of the health risks related to each substance:

Anabolic-Androgenic Steroids - Steroid users can experience serious cardiovascular, liver, central nervous system, gastrointestinal, and reproductive disorders. In males, use can result in testicular atrophy, sterility, impotence, and arrested growth. Irreversible masculinization and sterility can result when women use steroids. Psychological impairment includes mood swings, depression, and very aggressive behavior.

Depressants - The use of depressants can result in a change in tolerance and physical, as well as psychological dependency. The combining of several depressants (e.g. valium and alcohol) will potentiate the depressant effects, multiplying the health hazards. Withdrawal symptoms include anxiety, vomiting, acute psychotic episodes, seizures and death.

Hallucinogens - Phencyclidine (PCP) - Large doses of PCP may result in a convulsive seizure, coma and death. Mood disorders occur and the user may become violent, irrational, and potentially harmful to self and others. Lysergic acid (LSD), mescaline, and psilocybin cause sensations and feelings to change rapidly. The user may experience panic, confusion, anxiety, depersonalization, and loss of control.

Narcotics - Tolerance, especially at the euphoric effect of narcotics, and physical dependence, develop rapidly. In order to avoid the abstinence syndrome, the addict becomes preoccupied with acquiring the drug. Withdrawal symptoms are extremely uncomfortable, however, they are seldom life threatening.

Stimulants - High doses of stimulants result in intense personality disturbances including visual and auditory hallucination, delusions, and paranoia. Tolerance develops rapidly. Cross tolerance does develop among stimulant drugs (e.g. methamphetamine and cocaine). The use of cocaine can cause death by cardiac arrest or respiratory failure. Stimulants are addictive, and while withdrawal from stimulants is less dangerous than the depressants, depression can make a person vulnerable to suicide.

STUDENT AND STAFF ASSISTANCE RESOURCES

MCCC employs a School Counselor/Job Placement Coordinator that is available to adult students and staff for any academic, personal or social concerns they would like to discuss. If a student needs counseling and/or treatment as a result of an assault or a drug or alcohol problem, he/she will be referred to the appropriate counseling agency. The Counseling Services Website & Additional Resources are available at

<https://sites.google.com/a/mcjvs2.org/mccc-student-assistance/>.

INSTITUTIONAL PROTECTIVE MEASURES

Protecting the safety and well-being of everyone on campus is a priority of MCCC. Some types of incidents, especially domestic violence, sexual assault and stalking may require special arrangements by the school to ensure the safety of the victims or potential victims while on campus.

MCCC does not have on or off-campus residences or official off-campus student organizations, nor does it provide transportation to students. Therefore, MCCC can only facilitate changes to the victim's academic and/or daily working conditions. For example, security escorts can be provided to the victim in the building and on school grounds when requested. Adjustments can also be made to the victim's class schedule and/or externship. In some cases, security personnel and school administration are alerted when there is an active court-ordered protection order involving a student or an employee. This information can assist in preventing potential crimes.

PRIMARY PREVENTION AND AWARENESS

Each school year the MCCC personnel will review processes of prevention and awareness, working in conjunction with the school liaison when responding to, preventing, recovering from, reporting, and assisting survivors of sexual misconduct and dating violence.

WHAT TO DO IF YOU ARE SEXUALLY ASSAULTED

In case of a sexual assault, it is extremely important that physical evidence be preserved.

- Find a safe environment away from your attacker and call 911 immediately. If possible, ask a trusted friend to stay with you and, remember, it's not your fault you were attacked.
- Write down everything you can remember about the incident and assailant (physical description, location of the attack, etc.).
- Preserve evidence of the attack. Though you may want to, do not bathe or brush your teeth. Do not wash or get rid of any of the clothing you were wearing. If possible, take a picture of any visible bruises or injuries you may have.
- If the incident occurs on campus, immediately report the information to any MCCC official at (330) 725-8461 or dial 911. MCCC officials will assist the victim in notifying the local law enforcement agency and navigating the reporting process.
- Seek medical attention. Even if you think you're not injured, it's important to test for STDs and pregnancy. Ask the hospital to conduct a rape kit exam and, if you think that you have been drugged, collect a urine sample for analysis for a lab.

For the purpose of this document, the following definitions were used:

Murder/Non-Negligent Manslaughter - The willful killing of one human being by another.

Negligent Manslaughter - The killing of another person by gross negligence.

Forcible Sex Offenses: Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent. There are four types of forcible sex offenses:

Forcible Rape - The carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth). This offense includes the forcible rape of both males and females.

Forcible Sodomy - Oral or anal sexual intercourse with another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

Sexual Assault With an Object - The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity. An object or instrument is anything used by the offender other than the offender's genitalia. Examples are a finger, bottle, handgun, stick, etc.

Forcible Fondling - The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or, not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

Non-Forcible Sex Offenses: Incidents of unlawful, non-forcible sexual intercourse. Only two types of offenses are included in this definition:

Incest - Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape - Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Robbery - The taking or attempting to take anything from value of the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Burglary - The unlawful entry of a structure to commit a felony or theft.

Motor Vehicle Theft - The theft or attempted theft of a motor vehicle.

Arson - The willful or malicious building or attempt to burn with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another kind.

Hate Crimes - A criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, gender, religion, disability, sexual orientation or ethnicity/national origin.

In addition to the standard list of Clery reported crimes, the following are considered hate crimes when there is evidence that the offense was committed with bias against a protected class.

Larceny-Theft - The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. (Larceny and theft mean the same thing in the UCR.) Constructive possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.

Simple Assault - An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Destruction/Damage/Vandalism of Property - To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Consent - The act of knowingly and affirmatively agreeing to engage in a sexual activity. Consent must be voluntary. An individual cannot consent who is substantially impaired by any drug or intoxicant; or who has been compelled by force, threat of force, or deception; or who is unaware that the act is being committed; or whose ability to consent is impaired because of a mental or physical condition; or who is coerced by supervisory or disciplinary authority. Consent may be withdrawn at any time. Prior sexual activity or relationship does not, in and of itself, constitute consent.

This classification encompasses weapons offenses that are regulatory in nature.

Drug Abuse Violations - The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. MCCC does not offer on or off campus housing to students or staff. It also does not own or lease any satellite locations or properties.

Primary Prevention Programs - Programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Awareness Programs - Community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration.

Bystander Intervention - Means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking.

APPENDIX C

Disability Services for Adult Students Medina County Career Center

The goal of the Medina County Career Center (MCCC) is to help provide access and reasonable accommodations to students with disabilities while attending adult education classes.

All accommodations will be based upon documentation that indicates the student has a disability that substantially limits some major life activity, including learning. Important points to remember:

- During High School, students receive services under the Individuals with Disabilities Act (IDEA).
- Students enrolled in MCCC Adult Education classes and requesting accommodations based on the ADA must schedule a meeting with the MCCC Adult Education Academic Counselor to begin the process.
- At the adult level students function under the American with Disabilities Act (ADA) it is important to remember the following for qualified students at the adult level:
 - Students are not entitled to a free, appropriate education, rather students have civil rights and they must advocate for themselves in order to enjoy those rights.
 - **Students must meet all entrance and academic requirements** whether they receive academic accommodations or not.
 - There is no “IEP like” process in the post-secondary setting. Accommodations aim to create an opportunity for success, however success is not guaranteed.
 - Students are adults who are assumed to manage their own lives. Federal privacy laws require the student’s written permission to allow academic and non-academic information to be shared with parents.
 - Post-secondary institutions are required to make accommodations available to level the playing field; however, **accommodations cannot alter the fundamental nature of the program or course.**
 - It is the civil right of a student to refuse accommodations that they do not wish to use, **and if accommodations are not requested, it is assumed that the accommodation is not desired.**
 - The post-secondary institution does not assume the costs associated with obtaining a current and relevant evaluation.
 - Student disability information is maintained separate from the educational record. The student has the right to disclose their disability to whomever they choose; however, they must disclose their disability to the Director of Adult Education and Adult Education Academic Counselor in order to receive academic accommodations and support. Students have the right to privacy under ADA.
 - The Adult Education Academic Counselor typically does not contact an instructor without the express permission of the student. Each student must initiate an accommodation discussion with each instructor at the beginning of every class. If the student has been approved, they must present “Verified Individualized Services and Accommodation Form.”

- Students are responsible for coordinating their own personal care and the services needed to meet medical and other needs.

Procedure for Documentation of Disability

Under the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973, individuals with disabilities are guaranteed certain protections and rights to accommodations based upon documentation. The documentation must indicate that the disability substantially limits some major life activity. The following guidelines are provided in the interest of assuring that documentation is appropriate to verify eligibility and to support requests for accommodations, academic adjustments and/or auxiliary aids.

- Documentation must be comprehensive and current.
- The report must include a specific diagnosis.
- Actual test scores must be provided.
- Tests used to document eligibility must be technically sound.
- A description of requested accommodations, including the rationale, must be provided.
- A qualified professional must conduct the evaluation – a *Health Care Provider Letter* is available upon request in the Adult Education Office.

The Adult Education Academic Counselor will protect student privacy rights by maintaining a confidential file for each student. Disability-related information will be shared only when express permission is given by the student to release such information in order to provide appropriate support services.

MCCC recommends that students needing services contact the Adult Education Academic Counselor as soon as they know they will be attending MCCC. The Adult Education Office will review each student's documentation and, if found to be eligible for accommodations, will contact the student to begin the process.

The Americans with Disabilities Act of 1990, as amended defines Disability as follows:

(1) Disability

The term 'disability' means, with respect to an individual:

- (A) Physical or mental impairment that substantially limits one or more major life activities of such individual;
- (B) A record of such impairment; or
- (C) Being regarded as having such an impairment.

(2) Major Life Activities

(A) In General

For the purpose of paragraph (1), major life activities include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

(B) Major Bodily Functions

For the purposes of paragraph (1), a major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

Application Form

Once verification is received, the Adult Education Office will provide a *Disability Verification Letter* for students to present to their Health Care Provider.
