

ADULT EDUCATION

INTRODUCTION TO WELDING

There are a number of amazing careers in which welding is a primary component. From working in your backyard shop to launching your own business, you will learn to weld, upgrade existing skills, develop new skills and learn to read blueprints. You will learn welding position techniques associated with fabrication in a manufacturing environment and have the opportunity to explore a wide variety of welding methods and styles.

Program Details:

- Located at Medina County Career Center Main Campus
- 60-Hour Program
- Class meets Monday & Wednesday 6:00 p.m. - 9:00 p.m.

Course Includes:

- Hands-on learning
- Introduction to Oxy-Acetylene, Stick, MIG & TIG welding
- Blueprint reading
- Welding symbols & abbreviations
- Flat, horizontal, vertical & overhead position techniques

Job Outlook:

(SOC Code 51-4121) Employment of welders, cutters, solderers, and brazers is projected to **grow 2% from 2022 to 2032**, slower than the average for all occupations. Despite limited employment growth, about 47,600 openings for welders, cutters, solderers, and brazers are projected each year, on average, over the decade. Most openings are expected to result from the need to replace workers who transfer to different occupations or exit the labor force such as to retire. The median annual wage in Ohio is **\$48,940**.
