

In the Animal Management & Care program, students learn proper nutrition, care, grooming, disease prevention and treatment of domestic and companion animals. They also learn equine care and tack identification in our Equine Center, and are trained in animal health and veterinary assisting. Students gain skills in customer service, merchandising and advertising by managing an interactive doggie daycare unit.

Curriculum:

- All breed dog grooming
- Anatomy and physiology of animals
- Aquarium management
- Care, handling and management of dogs, cats, birds, reptiles, small animals and horses
- Management of horses
- Reproduction and breeding of small animals

Certifications:

- Animal Care Training
