

# GRAPHIC ARTS & PRINTING TECHNOLOGY

The Medina County Career Center's Graphic Arts & Printing Technology program helps students gain the knowledge and skills necessary to pursue a career in the arts and communication industries. Students enrolled in this program focus on print layout and design, screen printing, offset and digital press operation, electronic pre-press, wide format printing, bindery operations and more.

This program is one of the components of the Visual Media Imaging (VMI) Academy, along with Digital Design and Media Production. This academy provides a collaborative, real-world experience that helps students build skills in all three areas of study.

## Curriculum

- Computer Graphics
- Digital Production
- Large-Format Printing
- Manage, Organize and Produce by Deadlines
- Offset Press Set-up

*Students have the opportunity to earn college credits in this program.*
